

## **Vortexa and Lloyd's List Intelligence announce a new strategic partnership.**

London, UK, January 29, 2024 - Vortexa, the leading real-time global analytics platform for energy and freight markets and Lloyd's List Intelligence, the trusted source for maritime data and intelligence, announce a strategic partnership. This collaboration, marked by mutual data licensing agreements, lays the foundation for future product, market analysis, editorial and commercial collaborations between the two leading players in the industry.

Vortexa customers are set to benefit significantly from access to the world's most comprehensive terrestrial AIS network. Located strategically at the heart of ports, this network delivers unparalleled global coverage that is unobstructed and precise, setting it apart from the aggregation of large amateur AIS antennas. The integration of Lloyd's List Intelligence's industry-leading vessel characteristics datasets into Vortexa's analytics will robustly enhance its freight analytics offering, strengthening both existing data and future modeling capabilities.

*Fabio Kuhn, CEO Vortexa:* "This collaboration marks a significant moment for Vortexa and our customers. The addition of Lloyd's List Intelligence's terrestrial AIS network and vessel characteristics datasets elevates the precision and depth of our analytics, providing unparalleled insights into the energy and freight markets."

Lloyd's List Intelligence gains access to reliable and accurate cargo flow information and state of the art ship-to-ship transfer algorithms through Vortexa's market-leading cargo tracking analytics and will collaborate with Vortexa to enhance key workflows around cargo flow and risk evaluation.

*Michael Dell, CEO Lloyd's List Intelligence:* "We are thrilled to embark on this journey with Vortexa. This strategic partnership showcases the benefits of bringing connected customers and workflows together all in one place, whilst offering transparency around crucial cargo flow information for risk evaluation workflows. This aligns with our mission to continually enhance value and precision for our customers."

The Vortexa and Lloyd's List Intelligence partnership brings together expertise, innovation and unparalleled insights. If you would like to discuss how we can support you, please get in touch [here](#).

**About Vortexa**

Vortexa provides market-leading real-time data and advanced analytics for energy and freight markets. With the most accurate and complete picture of global flows, freight and inventories, Vortexa covers crude oil, refined products, LPG and LNG, across all vessel classes. We help traders, analysts and freight professionals gain a competitive edge into complex and opaque markets by making better trading decisions with confidence. Vortexa is a multidisciplinary force of over 120 employees combining the best of energy and freight expertise, data science and engineering across major hubs in London, Singapore, Houston, New York City, Geneva and the UAE.

**About Lloyd's List Intelligence**

We are the industry experts delivering actionable maritime insight, data, and analytics trusted by 60,000 professionals to drive commercial advantage, evaluate risk, and support the efficient and lawful movement of seaborne trade.
